(e) if so, what are the recommendations made by the Task Force?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI B.K. HANDIQUE): (a) to (c) The Drugs (Prices Control) Order, 1995 (DPCO, 95) does not make any distinction between Life Saving drugs and other drugs. There is no specific norms or guidelines to determine as to which drugs can be classified as life saving drugs. Every drug, in general, is considered useful in saving and prolonging of life.

(d) and (e) A Task Force under the Chairmanship of Dr. Pronab Sen, Principal Adviser, Planning Commission was constituted to explore options other than price control to make available life saving drugs at reasonable prices. The Task Force has submitted its report to the Government on the-20th September, 2005. Some of the salient recommend ations of Task Force are, that Price Controls should be imposed on the 'essentiality' of the drug and not on the basis of turnover and it should be applied only to formulations and not to bulk drugs. Some of the other major recommendations of Task Force are to promote generic drugs, to encourage public health facilities, to revive the Public Sector Enterprises in the manufacture of drugs, to provide fiscal incentives in R&D activities in drugs, to provide financial support for implementation of Schedule M of Drugs and Cosmetics Rules, to enact Drugs and Therapeutics (Regulation) Act, to establish a National Authority on Drugs and Therapeutics (NADT), to establish price negotiation process for new patented drugs, to streamline the bulk procurement regime, to exempt the excise duty, customs duty and other levies on cancer and anti HIV/AIDS drugs, to establish the State Illness Funds in the States/Union Territories for BPL families, to reduce the excise duty on drugs from 16 to 8%, to enhance the exemption limit of SSI units from Rs. 1 crores to Rs. 5 crores, to establish a Settlement Commission which is authorized to settle the disputed overcharged amount from the pharma companies.
